# CeramicSys
Customer Management

admin@ceramicsys.com

Easy to Use

Simple UI, Easy to learn in a few minutes.

Contact Detail Collection

Allow the customers to submit their own contact information into the system. Speeding up the on boarding process.

Pottery Tracking

ClassID: Class23

Current Status - In Progress

Your pottery is currently in the firing queue.
When your items are ready for collection you will receive an email and a SMS.
Next step is firing.

Tracking History
1. In Progress
2. Firing
3. Ready For Collection
4. Collected

Improve Customer Experience With Tracking

Stop the dreaded "**Are my pieces ready yet?**" Email from customers.
When the items are entered into the system customers receive a customer friendly tracking link.

Simple Class Management
